

TrackIt Now An AWS Advanced Consulting Partner

For Immediate Release

Date: 13 January 2020

TrackIt, a leader in cloud infrastructure management and long-time AWS Advanced Technology Partner is now an AWS Advanced Consulting Partner. TrackIt has demonstrated its technical expertise in architecting, automating, optimizing, and managing AWS environments and catering to the needs of demanding enterprises that are driven to make the best use of their cloud computing resources

“TrackIt’s growth is being driven by our growing technical consulting expertise and its strengthening partnership with AWS. Our inclusion in the elite list of AWS Advanced Consulting Partners is a testament to our effort, proven expertise, and focus on the AWS ecosystem” - Ludovic Francois, CEO, TrackIt

In addition to providing cloud management, consulting, and software development services, TrackIt continues to provide its open-source AWS management tool that allows users to optimize their resources on AWS.

“Our move to Advanced Consulting Partner status reflects the success we have had meeting our clients’ most demanding requirements in their AWS cloud usage. TrackIt more than doubled its business in 2019, driven by the strong consulting services practice our customers demand” - Brad Winett, President, TrackIt

TrackIt can be found through the [AWS Partner Solutions Finder](#).

About TrackIt

[TrackIt](#) is an Amazon Web Services Advanced Consulting Partner specializing in cloud management, consulting, and software development solutions based in Venice, CA.

TrackIt specializes in Modern Software Development, DevOps, Infrastructure-As-Code, Serverless, CI/CD, and Containerization with specialized expertise in Media & Entertainment workflows, High-Performance Computing environments, and data storage.

In addition to providing cloud management, consulting, and modern software development services, TrackIt also provides an open-source AWS cost management tool that allows users to optimize their costs and resources on AWS.
